June 16, 2016

Ms. Stacy S. Hartis
Nufarm Americas Inc.
4020 Aerial Center Parkway, Suite 101
Morrisville, NC 27560

Subject: Notification per PRN 98-10 – To add additional mixing instructions and marketing language
Product Name: Lazer RTU Lawn Weed Killer
EPA Registration Number: 228-555
Application Date: 07/23/2015
Decision Number: 507794

Dear Ms. Hartis:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, you may contact Karen Samek at (703) 347-8825 or via email at samek.karen@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Kathryn V. Montague".

Kathryn Montague, Product Manager 23
Herbicide Branch
Registration Division (7505P)
Office of Pesticide Programs

NOTIFICATION

228-555

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING <i>[this statement is optional for this product and maybe be removed]</i>	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 to 20 minutes. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-325-1840 for emergency medical treatment information.	

ENVIRONMENTAL HAZARDS

This pesticide may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product has properties and characteristics associated with chemicals detected in groundwater. The use of this product in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of area during application. Do not allow people or pets to enter the treated area until sprays have dried.

USE RESTRICTIONS

IMPORTANT: Do not exceed two applications per year with a minimum of 30 days between applications. Do not use this product for controlling weeds in flower or vegetable beds or around shrubs or ornamental plantings. Do not apply if rainfall is expected within 24 hours. Do not exceed directed rates because damage to turf may occur. Spray when air is calm to avoid spray drift that might injure desirable ornamental plants. Do not apply when temperature exceeds 90°F.

Do not apply as a fine mist because of potential injury to desirable plants. Do not apply directly to or near water, storm drains, gutters, sewers or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans. Do not apply when windy. To prevent product runoff, do not over water the treated area to the point of runoff or apply when raining or when rain is expected that day.

USE PRECAUTIONS

Do not spray exposed roots of desirable plants. Do not spray on Dichondra, Lippia, nor on grasses where desirable Clovers are present. Do not apply to newly seeded grasses until they have been mowed 3 times. Do not reseed for 3 to 4 weeks after use. If lawn needs watering, water thoroughly before application. For best results, do not water lawn within 24 hours after treatment. Watering will wash off weed killing material. Use a lawn type sprayer with a coarse spray as wind drift is less likely. Spray entire lawn, wetting weeds and lawn grasses. This product can be mixed with some liquid fertilizers or liquid iron materials. Because liquid fertilizer and liquid iron differ in pH, free ammonia content, density, salt concentration and percentage of water, a compatibility test should be done prior to mixing in application equipment. If necessary, contact your local Extension Agent.

NOTE:

EPA Reg. No. 228-555

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

USE DIRECTIONS

1. Spray during the growing season when weeds are growing actively.
2. For best results, do not mow for 2 days before or after treating.
3. Do not treat when air temperatures exceed 90°F or damage to grass may occur.
4. For best results, do not water lawn within 24 hours after treatment. Do not apply if rain is expected within 24 hours of application.
5. Shake well before using.
6. On new lawns, wait until the grass has reached a height of 2 inches before making an overall spray treatment. However, a spot treatment may be made at any time with a small pressure sprayer. Do not plant seed, stolons, plugs, or sprigs within 3 weeks of application.
7. Do not allow spray to get on ornamental plants or vegetables since injury may result. Do not apply over roots of ornamentals and trees. Do not apply to clover or mixtures of grass and clover, unless you wish to kill the clover.
8. If certain weeds are not dead within 30 days, repeat treatment. Broadcast application is not necessary; follow spot treatment directions.
9. Do not exceed two applications per year.
10. Minimum of 30 days between applications.

HOW MUCH TO USE

SPOT TREATMENT

Pressure (Trigger) Sprayer: Adjust spray nozzle to give coarse spray. Aim at center of weed and spray to wet. One application should be sufficient. Effects begin to show after a few days and weeds gradually die. A repeat application may be needed after 30 days for hard-to-kill (or control) weeds. To obtain wider coverage raise container.

LAWN GRASSES

Cool Season

Bluegrass
Fescue
Ryegrass

Warm Season

Bahiagrass
Centipedegrass
Common Bermudagrass
St. Augustinegrass
Zoysiagrass

NOTE: Do not apply to Floratam variety of St. Augustine grass in Florida. Contact your local County Extension Agent if you are not sure as to what type of grass you have.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or (including toilet) outdoor (including sewer) drain.

WARRANTY DISCLAIMER

The directions for use of this product must be followed carefully. SUBLABEL 1

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL BEFORE USE.

USE PRECAUTIONS AND RESTRICTIONS:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
- [Reentry Icon] Do not allow people or pets to enter the treated area until sprays have dried.
- Do not exceed two applications per year with a minimum of 30 days between applications.
- Do not spray exposed roots of desirable plants.
- Do not exceed directed rates because damage to turf may occur.
- Spray when air is calm to avoid spray drift that might injure desirable ornamental plants. Do not spray as a fine mist as injury to non-target plants may occur.
- Do not apply directly to or near water, storm drains, gutters, sewers or drainage ditches.
- Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans.
- Do not apply when windy.
- To prevent product runoff, do not overwater the treated area to the point of runoff or apply when raining or when rain is expected that day.
- Do not apply to newly seeded grasses until they have been mowed 3 times.
- Do not reseed for 4 weeks after use. If lawn needs watering, water thoroughly before application.
- Do not apply when temperature exceeds 90°F.
- Allow 12 hours after application before watering lawn for maximum effectiveness on listed weeds.

HOW IT WORKS/PRODUCT INFORMATION:

LAZER RTU Lawn Weed Killer/Product Name contains three proven weed killers that target lawn weeds. This herbicide enters the lawn weeds through their leaves and moves throughout the plant to provide control. Lawns listed on this label will not be harmed when used as directed.

WHERE TO USE:

LAZER RTU Lawn Weed Killer/Product Name/This product is a ready-to-use [RTU] product intended for the treatment of individual weeds, patches of weeds or sparse weeds scattered throughout home lawns. LAZER RTU Lawn Weed Killer/Product Name/This product can be applied to the following established turfgrass types:

NOTE:

EPA Reg. No. 228-555

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text]. Text separated by / denotes and/or options.

Lawns To Be Treated:	
Warm Season Turfgrass	Cool Season Turfgrass
St. Augustinegrass ¹ , (Do not use on Floratam) Bermudagrass, common and hybrid Centipedegrass Zoysiagrass Buffalograss ¹ Bahia grass	Kentucky bluegrass Ryegrass Tall fescue Fine fescue
¹ Application to St. Augustinegrass or buffalograss may cause temporary yellowing or discoloration but full recovery can be expected.	

DO NOT apply [LAZER RTU Lawn Weed Killer/Product Name] to the following:
Floratam variety of St. Augustinegrass Bentgrass Carpetgrass Dichondra Lippia Gardens including vegetables, fruit trees, vines and berries Ornamental plants (flowers, trees, groundcovers, landscape beds and shrubs) Seashore paspalum Turfgrass species that are not listed on this label.

WHEN TO USE:

Apply this product when weeds are small and actively growing in the spring or fall. Aim at center of weed and spray to lightly cover weed leaves.

[Weeds begin to wilt and die within 24 hours. Weeds die completely within 14 – 28 days after application. Won't harm lawn grasses.]

Directions For Use Options Based On Applicator

Option 1 – Conventional Trigger Small RTU

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Spray

1. Turn sprayer nozzle to desired spray.
2. Squeeze trigger repeatedly to spray.

Finish

1. Turn sprayer nozzle to “OFF” [X]

[Optional illustrations may be used in conjunction with the above steps]

Option 2 – Conventional Trigger Large RTU

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Bold, italicized text is information for the reader and is not part of the label.
 [Bracketed information is optional text]. Text separated by / denotes and/or options.

Spray

1. Remove sprayer from bottle by [sliding/pulling] sprayer up.
2. Unwrap [uncoil] hose and insert [color] hose connector into [color] spout on bottle cap/**knob/lid/opening** until it clicks.
3. [Flip up [color] spout until fully upright] [Twist/**turn** spout/**knob** to "ON"] [Pull spout up].
4. Turn sprayer nozzle to desired spray **[pattern]**.
5. Squeeze trigger repeatedly to spray.

Finish

1. Turn/**twist** sprayer nozzle to "OFF" [X].
2. **[Push/turn/twist cap/knobs/spout to "OFF" [X] / [Flip spout closed.]**
3. DO NOT DISCONNECT HOSE CONNECTOR FROM SPOUT/CAP/KNOB/OPENING.
4. Place sprayer back into **[on]** holster [holder].

[Optional illustrations may be used in conjunction with the above steps]

STORAGE & DISPOSAL

PESTICIDE STORAGE: *[Small][Large][Applicator Name]* Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND/CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor (including toilet) or outdoor (including sewer) drain.

Option 3 - Pull 'N Spray[®] II

[Applicator (Device) (Applicator Name) Directions/Instructions]

HOW TO USE:

Spray

1. Remove sprayer from holster [holder].
2. Unwrap [uncoil] hose and insert [color] hose connector into [color] spout on [bottle] cap/**knob/lid/opening** until it clicks.
3. [Flip up [color] spout until fully upright] [Twist **turn** spout/**knob** to "ON"] [Pull spout up].
4. Turn sprayer nozzle to desired spray **[pattern]**.
5. Point sprayer away from body. Slowly pull ring at bottom of sprayer until it stops, and hold for two [2] seconds to fill sprayer.
6. Press trigger to spray.

Finish

1. Turn /**twist** sprayer nozzle to "OFF" [X].
2. **[Push/turn/twist cap/knobs/spout to "OFF" [X] / [Flip spout closed.]**
3. DO NOT DISCONNECT HOSE CONNECTOR FROM SPOUT/**CAP/KNOB/OPENING.**
4. Place sprayer back into **[on]** holster [holder].

[Optional illustrations may be used in conjunction with the above steps]

Optional Refill/Reuse Directions

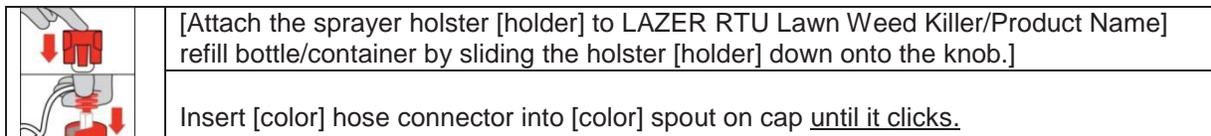

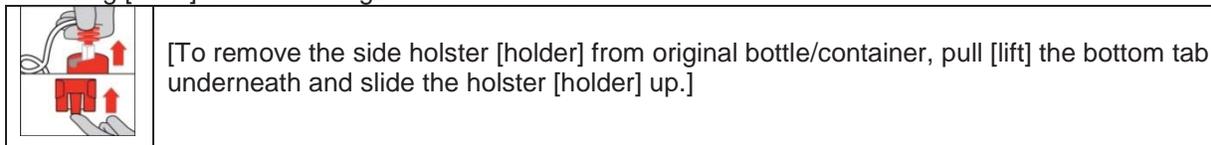

[The Pull 'N Spray II/Applicator Name [applicator/sprayer/wand] may be reused with the available LAZER RTU Lawn Weed Killer/Product Name refill bottle/container. Read and follow instructions in Reuse Directions to reuse the applicator.]

[[Applicator Name] [Applicator/Wand] Directions]

Prep [Wand]

1. Remove sprayer [Applicator Name] from holster [holder].
2. [Remove [color] pull strip to activate batteries].
3. Unfold [Flip Open] [Applicator Name] [wand] until it clicks [locks] into position.

Connect

1. Unwrap [uncoil] hose and insert [color] hose connector into [color] spout on bottle cap /**knob/opening/lid** until it clicks.
2. [Flip up [color] spout/**knob** until fully upright.] [Twist/**turn** spout/**knob** to "ON".] [Pull spout up.]

Spray

1. Turn [sprayer] nozzle to desired spray **[pattern]**.
2. [Slide [color] switch on trigger to "Unlock" [illustration]].
3. Press trigger to spray.

Finish

1. Turn **[sprayer]** nozzle to "OFF" [X].
2. [Slide [color] switch on trigger to "Lock" [illustration]].
3. **[Push/turn/twist cap/knob/spout to "OFF" [X]/[Flip spout closed].**
4. Fold [Applicator Name] wand closed and place sprayer back in holster [holder].

[Optional illustrations may be used in conjunction with the above steps]

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

NOTE:

EPA Reg. No. 228-555

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

[To replace batteries: See marked diagram inside battery compartment.]

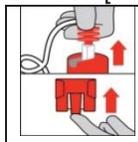

Optional Refill/Reuse Directions

[The Comfort Wand/Applicator Name [applicator/sprayer/wand] may be reused with LAZER RTU Lawn Weed Killer/Product Name refill bottle/container. Read and follow instructions in Reuse Directions to reuse the applicator.]

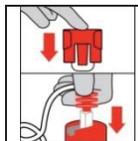

Refill/Reuse Directions

How to attach the [Comfort Wand/Applicator Name] [applicator/sprayer/wand] to LAZER RTU Lawn Weed Killer/Product name [refill bottle]:

Remove [color] hose connector from original bottle/container:

[To remove the side holster [holder] from original bottle/container, pull [lift] the bottom tab underneath and slide the holster [holder] up.]

[Attach the sprayer holster [holder] to LAZER RTU Lawn Weed Killer/Product Name refill bottle/container by sliding the holster [holder] down onto the knob.]

Insert [color] hose connector into [color] spout on cap until it clicks.

[Optional illustrations may be used in conjunction with the above steps]

STORAGE & DISPOSAL

PESTICIDE STORAGE: Keep from freezing. To be stored in original container and placed in areas inaccessible to children.

PESTICIDE DISPOSAL AND/ CONTAINER HANDLING: Comfort Wand /Applicator Name can be reused with LAZER RTU Lawn Weed Killer/Product Name refill bottle/container. Follow instructions in Reuse Directions when reusing [applicator name]. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor (including toilet) or outdoor (including sewer) drain.

OPTIONAL MARKETING CLAIMS

The following Product Facts format is optional and the information may appear inside or outside of a box.

PRODUCT FACTS:

[What It Does:] Kills major broadleaf weeds including dandelion, clover, chickweed and dollarweed. (See inside for complete/weed list)

[Where to Use:] Lawns: Kills the weeds not the lawn when used as directed. [icon weeds]

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

[When to Use:] Apply when daytime temperatures are below 90°F.

USE TIPS:		
When to Apply:	For established lawns	Apply when daytime temperatures are below 90°F.
	For newly seeded areas	Apply this product to newly seeded grasses when well-established (approximately 6 weeks after seedling emergence) or after the third mowing.
	For newly sodded, sprigged, or plugged areas	Apply this product 3 to 4 weeks after the sodding, sprigging, or plugging operations.
Seeding:		The treated area can be seeded at 4 weeks after the application of this product.
Irrigation:	Non-stressed turfgrass	Adequate soil moisture and favorable growing conditions enhance the performance of this product.
	Stress from high temperatures, drought, insects or diseases.	Avoid applications of this product when turfgrasses are under stress since injury may result. If dry conditions exist, schedule irrigations (watering) before and after the application. For best results, delay the irrigation until approximately 24 hours after application of this product.
Mowing:		Delay mowing 2 days before and until 2 days after the application of this product. Do not use clippings from the treated areas as mulch or compost around flowers, ornamentals, trees, or in vegetable gardens.
Nontarget plants:		Do not apply this product to food crops (gardens, fruits and vegetables), forage crops, or ornamental plants including flowers, trees, shrubs, hedges, woody ornamentals, groundcovers established in landscape plantings and other nontarget plants. Do not spray exposed roots of ornamentals and trees.

The following claims may or may not appear on any label panel or in advertising. Appropriate formula and company specific information will be inserted on Final Printed Label to replace "X"

SUBLABEL 2 – RTS (Floratam)

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL BEFORE USE.

USE PRECAUTIONS AND RESTRICTIONS:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
- [Reentry Icon] Do not allow people or pets to enter the treated area until sprays have dried.
- Do not exceed two applications per year with a minimum of 30 days between applications.
- Do not spray exposed roots of desirable plants.
- Do not exceed directed rates because damage to turf may occur.
- Spray when air is calm to avoid spray drift that might injure desirable ornamental plants. Do not spray as a fine mist as injury to non-target plants may occur.
- Do not apply directly to or near water, storm drains, gutters, sewers or drainage ditches.
- Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans.
- Do not apply when windy.
- To prevent product runoff, do not overwater the treated area to the point of runoff or apply when raining or when rain is expected that day.
- Do not apply to newly seeded grasses until they have been mowed 3 times.
- Do not reseed for 4 weeks after use. If lawn needs watering, water thoroughly before application.
- Do not apply when temperature exceeds 90°F.
- Allow 12 hours after application before watering lawn for maximum effectiveness on listed weeds.

HOW IT WORKS/PRODUCT INFORMATION:

LAZER RTU Lawn Weed Killer/Product Name broadcast herbicide contains three proven weed killers that target lawn weeds. This herbicide enters the lawn weeds through their leaves and moves throughout the plant to provide control. Lawns listed on this label will not be harmed when used as directed.

WHERE TO USE:

LAZER RTU Lawn Weed Killer/Product Name/This product can be applied to residential lawns with the following turfgrass types:

Lawns To Be Treated:	
Warm Season Turfgrass	Cool Season Turfgrass
St. Augustinegrass ¹ , including Floratam Bermudagrass, common and hybrid Centipedegrass Zoysiagrass Buffalograss Bahia	Kentucky bluegrass Ryegrass Tall fescue Fine fescue Bentgrasses
¹ Application to St. Augustinegrass (including Floratam) may cause temporary yellowing or discoloration but full recovery can be expected.	

DO NOT apply [LAZER RTU Lawn Weed Killer/Product Name] to the following:

NOTE:

EPA Reg. No. 228-555

Bold, italicized text is information for the reader and is not part of the label.

[Bracketed information is optional text]. Text separated by / denotes and/or options.

Carpetgrass
Dichondra
Lippia
Gardens including vegetables, fruit trees, vines and berries
Ornamental plants (flowers, trees, groundcovers, landscape beds and shrubs)
Seashore paspalum
Turfgrass types that are not listed on this label.

HOW MUCH TO USE:

32 fl. oz. covers 2500 sq. ft.

The maximum application rate is 12.8 fl. oz. of product per 1,000 sq. ft. per application [0.18 lb 2,4-D acid equivalent per acre per application]. The maximum number of broadcast applications is limited to 2 per year. Allow at least 30 days between applications. The maximum seasonal rate is 25.6 fl. oz. of product per 1,000 sq. ft. [0.36 lb 2,4-D acid equivalent per acre]

WHEN TO USE:

Apply this product when weeds are small and actively growing in the spring or fall.

BROADLEAF WEEDS CONTROLLED [KILLS WEEDS INCLUDING:]

Some or all of the following weeds will appear on the label.

Alder	Dead Nettle	Narrowleaf plantain	Spotted knapweed
Annual yellow sweet clover	Dock	Narrowleaf vetch	Spotted spurge
